Hancock county should be clean so it will be beautiful. People will be happy if they live and work in a beautiful place. Also other people will come to visit. Maybe they will decide to live here, too.

Some times trash gets in the water and causes pollution. Then many fish die and people get sick. Children can't swim and have fun. And there is no water to drink because of germs. But some people have to clean up trash. This is hard work and costs a lot of money for parents to pay. And parents already

don't have much money. People should keep every thing clean to start with. Parents should keep the county clean. They should not throw cans out of cars. Parents should teach children to keep Hancock county clean. Then we will all be happy

## Episcopal Silver Tea Highlight Of Season

Highlighting the social season on Friday last was the well attended tea given in the home of Mr. and Mrs. R.C. Hammett of Bacchus in Pass Christian sponsored by the St. Monica Chapter of Trinity Episcopal Church.

Valentine Street markers and a large red velvet heart outlined with white carnations and displayed on the lawn assisted guests in locating the address.

Potted fuchsia azaleas were used on either side of the entrance steps. In the receiving line were Mrs. Hammett, who chose for the occasion a light blue hostess gown with narrow bands of white fur outlining the wide bell-cuffed sleeves; Mrs. Stanford B. Morse, wearing a pearl grey tea gown detailed with a wide center front pearl embroidered panel; Mrs. Ken-

### Anti-Freeze Dispute

Hancock County hasn't really used as much Anti-Freeze as a Audit Report might lead one to believe, according to "Dolph Kellar who explained that a report showed \$10,000 worth of anti-freeze used in the county during five years, making Hancock the largest user of anti-freeze of any county in the state of Mississippi. Kellar said under the code system of book-keeping several items other than anti-freeze were all lumped under that heading. The erroneous statement was said to have been made from the Senate floor, and last week in Jackson an apology was made for the distortion of facts, the supervisor said.

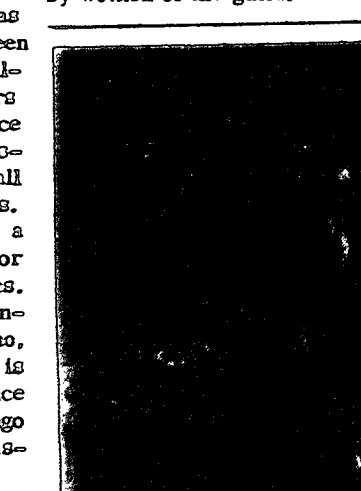

neth King in a pale pink ensemble with matching slipper; and Mrs. John McCloskey in a tailored tasteful afternoon dress.

Room hostesses included Mmes. Robert Bird, Van Dyke Brooks, Donna Baird, Theo. Fowler, Walter Carter, Lloyd Griffith, Olin Clark, Hollis Crosby and S.K. Jones. Each hostess chose for the occasion a gown in one of the newer high fashion evening shades. Throughout the house at vantage points were artistic arrangements of spring blossoms including sweetheart roses, sweet peas, deep purple violets and carnations. Mrs. A.M. Dantzer was assisted by Mrs. Roy Cephart in decorations used throughout the house and the tea service. Alternating at the guest register were Mmes. Herman De Vries and Harrington Kilham.

An ivory linen cut work cloth was used on the table which featured a center arrangement of pink and red carnations interspersed with Scotch heather in a large silver bowl placed on an oblong mirror-tray. Dark pink carnations at each corner of the tray completed the ensemble. Sterling tea and coffee services were used at each end of the table and tapers of pink were used in the Baccarat crystal candelabras. Silver trays and compotes were used throughout the service and delicate pink linings cups carried out the valentine motif. Dainty tea sandwiches, cookies, wine cakes and "blues" for which St. Monica members have become famous were served throughout the afternoon. Alternating at the tea and coffee service were Mmes. William Lovett, Nunez C. Pilet, Elliott Ramsey, C.D. Taylor, Sr., William Carter and Leslie Beard.

Room hostesses showed an estimated group of some 150 ladies through the recently redecorated and refurbished home. 17th and 18th Century French and English furnishings, oil paintings of both French and Dutch old masters and delicately carved jade lamps and objects of art were appreciated by the visitors.

The St. Monica tea, an annual event, originated with Mrs. H.R. Kilpatrick in memory of her mother, the late Mrs. Lela Abby French. Donations received are used in Trinity Episcopal Church as decided upon by women of the guild.

MR. ROBERT L. JOHNSON AND HIS PUPPY GET THEIR 3/4 TON FROM SALESMAN HERB BARON AT LAMAR-LANE CHEVROLET IN BAY ST. LOUIS.

Mr. Robert L. Johnson of Bilotti, Miss. had looked everywhere for a 3/4 ton cab and chassis to put his camper on. When he checked with salesman Herb Baron at Lamar-Lane Chevrolet in Bay St. Louis it was the same story, EXCEPT he told him that he probably could find him one. Sure enough, inside of a week Herb Baron called Mr. Johnson that he had a 3/4 ton cab and chassis and it was exactly what he wanted. Lamar-Lane Chevrolet keeps a big stock of new cars and trucks in stock at all times, but sometimes a person wants something that they don't have, but they don't stop there, they get busy and in no time at all can find just about any car or truck that Chevy makes for their customers. Herb Baron and Lamar-Lane Chevrolet try their best to get just what the customer wants even if it isn't in stock. If you want a car or truck that is not in stock at Lamar-Lane Chevrolet check with salesman Herb Baron, he could find one for you and he could also save you many dollars. LAMAR-LANE CHEVROLET, INC. By waterways on all sides and will put the state in an enviable position to capitalize on cheaper water transportation for the things the state imports and exports. Meanwhile in other favorable developments of special interest to farmers, the Yazoo River is bringing low cost barges to ports at Yazoo City and Greenwood at a steadily increasing rate since the first barge was loaded with soybeans at Greenwood only eleven years ago. Tonnage hauled on the Yazoo has grown from 20,001 in 1960 to 314,100 in 1969. Of this tonnage there was a healthy balance of 149,000 inbound tons compared to 165,000 outbound and 12,408 that made a round "thru" trip on the vessels.

Among the growing cargoes on the Yazoo since 1960 are corn, wheat, soybeans, gravel and sand, large quantities of fertilizers and materials, manufactured marine shells, limestone and lime. Among the heavy users of the Yazoo are the International Paper Co. Plant at Redwood, Mississippi Chemical Corporation, Yazoo City, and various grain shippers.

## Welfare Office Rat Infested

The Hancock County Welfare Office located on Necesse Avenue is infested with rats reportedly eating desk papers, the upholstering material from chairs and gnawing their way through some records, according to Mrs. Victor Frankiewicz, Director of that organization, who asked for and received permission on Tuesday from the Board of Supervisors to have the building treated to eradicate the rodents. In her report, Mrs. Frankiewicz stated there is dampness in the walls and floors of the building and it is also difficult to heat. Complaint was also registered about the large and deep hole in the street in front of the building which was said to be filled with standing water. Supervisor Peck Mauffray was named to work with the Welfare Department in seeking the best possible solution to these problems.

High School Band some thirty

five members strong — they

look good and the music shows

both talent and practice. Just

the right note to prelude the

striking entrance of "Dolly",

the glamorous Captain of the

Krewe of Nereids, who made

such a hit during "Opening

Nights" at the Ball given in the

St. Joseph's Gym last week.

Long Live the Queen

Regal and handsome Queen

Dorla dazzled spectators.

Krewe officers smartly attired

appeared just before the Ocean

Springs Junior High School Band

of some 117 pieces, a fine band,

well trained and with discipline.

Title floats were all profes-

sionally made. They reflected

the showmanship and imagi-

nation of a designer dedicated

to the custom. Floats included

"The King and I", "Camelot,"

"Fanny Girl", "My Fair

Lady," "South Pacific", and

"The Music Man", "Opening

Nights".

Seventy Place

Altogether 70 separate list-

ings were lined up by Parade

Marshal Robert Warner. That

list included floats and bands,

cars of dignitaries, sign bear-

ers, and competing floats.

Bands included East Central

High School, Notre Dame High

School (Biloxi), Gulf Coast Mil-

itary Marching Unit, Hancock

North Central, Bayou View Jun-

ior High, and Pearl River Junior

High. All outstanding young peo-

ple who seemed to enjoy the

activities.

Ed Scanlan, builder of the

Krewe floats, entered a float

of his own. Other floats in-

cluded "The Dirty Dozen Din-

ner Club", St. Clare's CYO,

Christ Episcopal Day School

with the appropriate Valentine

theme. Not to be overlooked

were the antique cars, the cov-

ered wagon with oxen, Tra-

virca's Riding Group and Hugo

Favre's riders, the Dahl

Family and the Hancock County

Night Riders. Piccola's Dan-

cing School marched and so did

Boy Scouts from Troop 208

and St. Rose de Lima. Scouts

did their good deeds, too, and

helped carry throws from cars

to floats before marching. St.

## County Center

Another five thousand dol-

lars has been made available

toward completion of the Han-

cock County Detention Center,

according to Sheriff Fred W.

Curet. There has long been a

need for this center to house

juveniles and women, and the

need was recognized by Legion-

naires who sponsored the build-

ing, provided building funds and

did a lion's share of the con-

struction work.

Hopefully, the completion of

the center will solve a chronic

problem created by a thirteen

year old lad who has "spent

more time in jails than in

schools", according to Sheriff

Curet. The lad recently cost

the County considerable money

by tearing up the plumbing in

the Hancock County Jail, and

doing similar damage to the

Youth Detention Center in Har-

rison County. Curet said:

"There's a room in the Det-

ention Center especially de-

signed for people like this ..

all they can do in this room is

just butt their heads against

the wall — nothing in the room

they can tear up."

matty blue and gold uniforms.

There were mini cars and mini

bikes and helmeted folks on

Hondas. Borden's Milk Train

was tottin' and Hancock Gen-

eral Hospital took time out to

enter a float. Just everybody

helped to make the parade the

grand success that it was! The

Dukes cars were fancy and

fashionable, too.

"Doubloons

Generous and lavish were

the throwers of throws -- love-

ly beads and trinkets to delight

young hearts and serve as re-

minders of a happy day for

those who are keepers of sou-

venirs there were doubloons --

Sometimes conversations ran

like this one overheard at the

corner of Coleman and Central

"Hey! You -- I'll trade you ten

strings of these beads for one

doubloon -- you know you'll

be getting the bargain".

## Student, Teacher Awarded At North Central

James Gale Harris Jr., senior at North Central High School, has been selected as the Star Student. The selection was based on the student's high scholastic average and his high score on the American College Test.

Mr. W. Homer Williams was designated the Star Teacher. Coach Williams was asked to designate the teacher who, in the Star Student's opinion, made the greatest contribution to his scholastic achievement. Williams, the son of Mr. and Mrs. Gale Harris, is treasurer of his senior class and was secretary of his sophomore class. He has been a member of the Beta Club and the Future Farmers of America for the past three years.

He was captain of the football team and received two trophies and a plaque for outstanding performance on the team during the past 4 years. He is also a member of the track team.

As a member of the 4-H Club he attained the highest scores in dairy judging and has been a member of the crop judging and horse judging teams for the past 4 years. He has been an escort in the Homecoming court for the past 2 years and was selected as All American Student.

The Student Body chose him as having the best school spirit and being most courteous.

During the past three summers he has done farm work on the Crump Estate.

He plans to attend Pearl River Junior College and then Louisiana State University to obtain a degree in Veterinary Medicine.

Mr. Williams has been on the faculty of Hancock North Central School, where he teaches Chemistry and Social Studies, for the past 8 years. He is the

sponsor of the Chess Club which he founded 6 years ago after teaching the students to play chess. Prior to this, he taught at Pearl River Junior College and the San Bernardino, California Public School. He received his B.A. from Pomona College and his M. A. from Claremont College, both in California.

WAVELAND GARDEN of the Month selected by the Bay-Waveland Garden Club is owned by Mr. and Mrs. John Ryan and is located at 104 Whispering Pines.

## Gulf Park Will Reopen High School

Gulf Park President Robert L. Johnson announced the college next September will reopen its high school department, abolished in 1965 after 44 years of operation.

Johnson, in a statement to students attending a regular assembly program, said the decision to again offer the 11th and 12th grades was made by the school's board of trustees.

"We have received many requests to reestablish a high school for girls," Johnson said. "Fortunately, we have the facilities and the personnel to easily resume this program."

Since 1965, Gulf Park has served as a two-year college for young women, attracting students from all over the nation and several foreign countries.

Johnson said, "experience has taught us that a high school and a junior college complement each other, even though they are separate units."

Now in its 49th year, Gulf Park is accredited by the Southern Association of Colleges and Schools and the Department of Education of the State of Mississippi.

Membership is held in the American Association of Junior Colleges, the Southern Association of Colleges for Women and the Association of Mississippi Colleges.

The College offers a variety of courses, including liberal arts, retail merchandising, and secretarial science.

These Youth worked hard in practicing and preparing for the judging contests. They are congratulated for representing Hancock County in such a fine way.

Mississippi ranks second nationally and first in the southeast in the production of cotton. There are over 225 apparel manufacturing plants in the state. In addition, there are 40 textile plants as well as 24 cottonseed oil mills.

"Beauty Is Good Business - Keep the Bay Beautiful"

Johnson said "Gulf Park is in the unique position of being able to offer junior and senior high school girls an opportunity to complete their education in a college atmosphere and to remain on campus for the first two years of college."

**Patriotism!  
Is It Dead?  
Who Needs It?**

There are those who seemingly would have us believe that little is right with America.

And there are others who feel that their country can do no wrong.

There has always been, and, hopefully always will be, a difference of opinion on that question.

But different points of view are just as American as Uncle Sam himself. Those who condemn our nation and those who ignore its faults - both can learn much from our nation's history and the heritage our forefathers left with us.

TRUE PATRIOTS, after all, were never blind followers. They were thoughtful men, concerned for their nation's future.

After all, AMERICA will be what we want it to be, and what we make it to be.

Isn't it time for the SILENT AMERICAN to speak out?

...hard rain, ...and high ...practically ...the ...past ...it is now ...and things should ...the fishermen. ...were caught ...River, the Pipe ...and the slugs down ...way, but they were ...small size. ...trout fishing has been ...because of the conditions ...above and the ex- ...low tides. There ...water in most bays. ...this winter. ...practically ...only a few days to ...and rabbits. It has been ...year for hunting in ...

Harry Roman and Louis ...all reported killing a few quail. They are scarce said Louis.

Others getting a few quail and woodcock were Cordell and Lamar Ladner. The hardest, Dick Mastayer and Willard Peterson are still hunting quail.

Donald Cuevas is doing some ...He said they are hard to find. There will be other days ahead.

Hard to believe, but ...Cuevas caught 47 speckle trout in ...Bayou one day last week. She was using live minnows.

A meat ball and spaghetti supper was given at the office lounge last Thursday night. It was good. The cooking was done by Otto Schaefer. He called it Polish meat balls and spaghetti with some hot sauce thrown in. We'll have that fish supper soon, Otto.

Jim Farrell and Grant Boltman of E. C. Inc. are building Modular Homes at the Port and Harbor site. They are of fine construction and worth seeing. Visit the Port and Harbor plant on Mulatta Bayou and see what's going on. Both the above love their fishing on offtime.

Perre Quintini and family were down from up state for the weekend visiting relatives. Perre is in the service and fishes on every occasion. Caught a few crabs here.

We need about the two Irishmen who decided to celebrate and painted the town green. Their messes were red.

A lot of fishermen and hunters played home Sunday to take their families to see the Carnival Parade in Waveland which as usual was a grand success. Too cold to fish but O.K. to watch a parade and have a good time.

Gone Ladner is back from a trip to California. Tried a little fishing Friday with Yours Truly. Not much success.

J.J. Pajol of Westwego visited Andy Anderson Sunday. J.J. loves his fishing. He expects to build a summer home in Shoreline Park someday, he said.

Bob Stroud and Lee Ferrell got the limit of bass this past week. Bob said Lee put it all over him in number of fish caught.

Andy Anderson and family spent the weekend at his camp in Shoreline Park. Andy said he will be over soon to do some fishing when the weather warms up.

Understand we have a new fisherman in our midst. W. A. Meyers who lives in Waveland, W. A. is retired and expects to fish and hunt in this neck of the woods. Welcome to this section, follow.

Manuel Mouriri returned to Orlando, Florida Monday after visiting here for a few days. He is with the Penrod Construction Co. and does quite a bit of deep sea fishing at offtime.

JoAnn Poole and Fran Frebreon were down from Washington, D. C. to spend part of the Carnival season. They celebrated the Waveland parade and

mingled with friends. They fish too.

According to some fishermen green trout are being caught most everywhere. All that is needed is a little better water and higher tides.

February 22nd is the end of all hunting for this year. A few quail and rabbits are still being killed.

Cordell and Lamar Ladner got some quail over the weekend. Ran into a couple of coveys. They have some young dogs who will be real hunters come next year.

The Waveland parade Sunday was the best and there's yet. Waveland and its people are to be congratulated. A job well done. Keep up the good work, folks.

Perch are beginning to hit. Looks good for some great fishing from now on. Among our best perch are the Blue Gills and coogee-eye.

They are scrappers when caught on the fly rod or by still fishing.

Big speckles were caught over the weekend in Red Fish Bayou and around Herron Bay, according to the fishermen. This is a good place to catch red fish and flounders, too.

### A JOB WELL DONE

Judging by the manner in which people responded to the call of the Waveland Civic Association for volunteer workmen and equipment to help cleanup the beach-front area, one might have thought the rumor had spread that big trout were out in full force. Normally it takes a rumor of fish in great numbers to get so many people down to the beach.

Had it been a trout run, Russell Elliott would have caught the most fish because instead of waiting until Saturday, Elliott had his men and equipment on the job on Friday. It seemed like everybody wanted to get into the act in one way or another.

Ruby Mitchell, with husband Sam by her side, started at St. Clare's Church and made two round trips to Coleman Avenue picking up discarded beer cans and other debris. Bay St. Louis City Commissioner came thundering down with his own bulldozer. Dr. M. L. Dodson came out with two volunteers, including Walker Crav-

ley handled the other. Mel Villere forgot he was a general contractor and came out as a handyman. Terry Feeney, president of the Association, sent three pieces of equipment with drivers. Parnell Construction Company of Bay St. Louis also came up with equipment.

Terry Bourgeois and Tony Scovo did just about everything as did Archie Desbold, the secretary of the association. Al Champagne got into the act a little late but managed to get there on time when Hank West, who normally dispenses his wares at Clarisse Villere's passed out the refreshments to the workers free of charge—courtesy of Clarisse.

Garfield Ladner was not to be outdone either. He had Waveland's equipment out and he personally watched over his workmen like a hawk. Garfield, Elliott and Dr. Dodson were about the last to leave.

The big push did not produce any fish—but it did prove what can be done when folks get together and help each other. Many, many others, whose names this column does not have also were on hand. Sam Blanchard was there with his polaroid. Neville Jacob of the Port and Harbor Commission arrived somewhat late but did manage to get a few photos of which were then processed by Eddie Fayard. All in all it was no one person's moment of success, but it belonged to everybody.

### SECTION OPENED

Very Rev. Gregory Johnson, pastor of Our Lady of the Gulf Church, announced St. Mary Cemetery Committee has planned and opened for sale new burial plots in a new section of the cemetery.

Arrangements for the purchase of these burial plots can be made at the Rectory.

## Mike Nocaise Being Scouted

William Carey College basketball team will be looking for its first victory in its last four outings Saturday night against Delta State College in Cleveland, Miss.

Although playing good basketball, Carey has dropped its

last four games to Belhaven College, 67-51; Livingston University, 70-50; and two to Jackson State College, 68-77 and 70-77. The Crusaders have five games remaining on their calendar.

Nocaise is eighth in the NAIA national standings and second in district standings in scoring with a 30.3 average and is averaging 11.4 rebounds per game. Nocaise has already attracted scouts from the National Basketball Assn. and the American Basketball Assn.

Rickey Corker is also doing an excellent job for the Crusaders. Corker, who has been playing for two weeks with an injured hip, is seventh in the district in rebounding with an average of 11.7. Corker is also a scoring threat averaging 31.1 points.

Rich Ferrell is second leading scorer for Carey averaging 19.7 points per game. Ferrell's playing time has been shortened by a sprained ankle.

## PRJC Closes Home Schedule

Pearl River Junior College closed its home basketball schedule Tuesday night in a heart-breaking 45-42 defeat by Hinds Junior College, current leaders in the state Junior College Conference.

The Eagles, overpowering the Wildcats underdog, jumped to a convincing 13-point lead by half time but that lead was cut in half by the end of the game as the Cats came back in the second half to play the most spirited game of the season.

Hinds coach Bob Carrington, a former Wildcat coach and the last coach to bring a state championship to Pearl River, coached after the game on the spirit the cats had shown in the battle.
